

SACWSD – Water Hardness Advisory Committee (HAC)
May 2, 2017
District Office, 6595 E 70th Ave, Commerce City, CO 80022

Objectives:

- Review high level survey results (*further data will be provided once compiled*)
 - Further discuss possible options and build mutual understanding of the most likely option(s)
-

6:00 *Dinner*

6:15 **Welcome & Introductions** – Aaron Phillips, Board

6:20 **Survey Results (high level)** - Doug Jeavons, BBC Research

6:50 **Additional Information on Possible Options** – SACWSD Staff

7:10 **Possible Options Discussion of trade-offs and which best balance criteria** – Address hardness; be mindful of the costs to rate payers; equitable; minimize environmental impacts; diminish DIY costs to consumers; minimize impacts to skin; and sustainable

7:45 **Public Comment** – brief public comments on addressing hardness and agenda

7:55 **Continue, Possible Options Discussion** – develop an understanding of which option(s) the group is most leaning towards (leaning towards preference)

8:25 **Next Steps** - Next meeting: June 6; objective: to build agreement on the option(s) that best balance all interests/criteria (the HAC public meetings will gather additional public input, before final agreement on a recommendation)

8:30 **Adjourn**
