

WATER-WISE LANDSCAPE SEMINARS

April 2018

WHAT YOU NEED TO KNOW TO MAKE YOUR LANDSCAPE THRIVE

SOUTH ADAMS COUNTY SEMINAR

The Basics of Xeriscape

Tuesday, April 17 • 6pm–8pm

Location: Commerce City Rec Center (Crafts Rooms), 6060 East Parkway Dr.
Commerce City, CO 80022

Join us and learn the principles of Xeriscape and how to apply them to your landscape! This class will explore the "how to's" of conserving water while creating a functional and attractive outdoor space. Horticulturist expert, Eric Hammond of CSU Extension - Adams County, will discuss water-wise plant varieties, irrigating your landscape efficiently, cutting edge irrigation technology, and ways to modify existing landscapes to cut back on water use. Whether you have a small, backyard project or are doing drastic renovations, this class will focus on practical DIY solutions to everyday challenges in the landscape. Join us for an evening of empowering tips and tricks to improve your outdoor space and save water!
